- The background on making of chocolate
- A walk-through of the different chocolates that are available in the market for you to use
- The essential equipment and vessels required
- Introduction to the set of ingredients/raw materials to be used
- Safety tips while working with Chocolate

Part – II

- Making different chocolates (about 15 – 20 types)
 - Moulded
 - Filled
 - Flavored
 - Liquid Centres
 - Non-moulded
 - Creative ideas for your own chocolates

Part –III

- Wrapping & Packing chocolates
 - Materials available
 - Demo and hands-on packing session

Part – IV

- Exploring some more creative decorations with chocolate to use with other desserts or cakes.

And then pack up & take away your pretty creations to enjoy with your loved ones !!
